PRODUCT INFORMATION SHEET

# Colored Stretch Film

BRANDING & PROTECTION

Quarktek colored films combine load containment with visual identification. Opaque options help protect cargo from view and make warehouse coding faster and clearer.

## Key advantages

- Ideal for warehouse color coding
- Opaque options for privacy and anti-theft
- UV protection available
- Custom logo printing available
- Fast visual identification without language barriers

## Indicative specifications

| Parameter | Stretch rate | Core | Net weight |
|---|---|---|---|
| **20 μm × 500 mm × 1530 m** | 300% | 3 in | 13.8 kg |
| **23 μm × 500 mm × 1300 m** | 300% | 3 in | Available on request |

Colors, opacity, UV protection and printed branding can be customized.
