PRODUCT INFORMATION SHEET

PCR PET Strapping

PCR STRAPPING

Made from post-consumer recycled PET, this strapping features high tensile strength and runs smoothly on strapping machines. It is an eco-friendly replacement for virgin PET strap to support your sustainability targets.

Key advantages

- Thin, flexible and lightweight
- High tensile strength
- Multiple color options
- Reduced material use
- Reliable bundling performance

Indicative specifications

Parameter	Break strength	Core diameter	Outer diameter
16 mm × 0.9 mm × 3858 m	5648 N	190 mm	406 mm
19 mm × 1.27 mm × 2181 m	9463 N	190 mm	406 mm
19 mm × 1.4 mm × 1979 m	10434 N	190 mm	406 mm

Custom widths, colors and roll lengths are available for compatible strapping machines.
